

Josefine Schwab Rolver

Student at Design & Innovation

Technical University of Denmark

ABOUT ME

My name is Josefine Schwab Rolver, i'm 25 years old and is currently studying "Design and Innovation" at DTU. I like working in creative teams, on both solution- and problembased projects. I enjoy the diversity of the different projects and the appliance of design methods and prototyping, that I have completed through my study.

I'm very facinated by innovative solutions, user orientated design and the importance between good design and functionality. As a person i'm helpfull, hardworking and always smiling.
